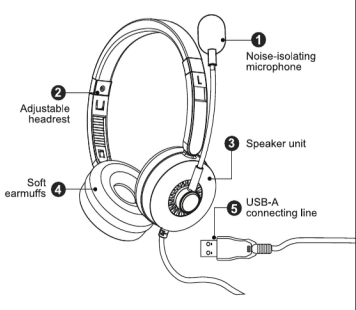
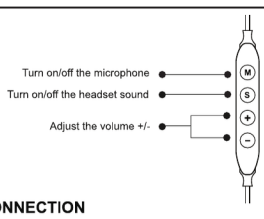
Read all the safety information carefully before use and keep this user manual for future reference.

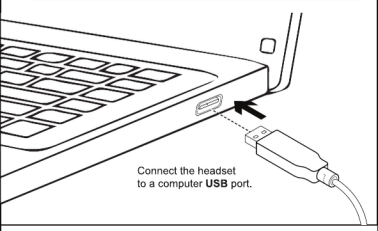
PRODUCT OVERVIEW



BUTTON FUNCTIONS



CONNECTION



TROUBLESHOOTING

Headset not working

- Adjust volume control on headset cable and ensure it's not on mute.
- Check USB cable connection, try different port, avoid using USB hub, connect directly.
- Check volume and microphone settings in app and OS, Make sure they're turned up and not on mute.
- Restart the application you're using with the headset and see if that resolves the issue.
- Set the headset default device for your operating system.

Mic diameter	Φ6.0*1.5mm
Directive property	Unidirectional
Mic sensitivity	-54±3dB
Mic impedance	2.2K
Line length	2.0m ± 0.03m

CARE AND MAINTENANCE

When using, please keep in mind the notes as below which help you comply with the warranty and extend the service life of the product.

1. Keep the product dry, do not put it in a wet place, so as not to affect the internal circuit of the product. Please don't use this product when strenuous exercise or sweating heavily to prevent sweat from penetrating into the product and damaging the product.

2. Do not place the product in the place where the sun shines or the temperature is high. High temperature will shorten the service life of electronic components and damage the battery, deforming some plastic parts.

3. Product can be used in -10° to 55°, but under care.

4. Do not attempt to disassemble the product. It may be damaged by non-specialists.

5. Do not drop, strongly vibrate, hit the product with the hardware shield, in order to avoid damage to the internal circuit.

6. Do not use strong chemicals or detergents to clean your headset.

7. Do not scratch the product surface with the sharp body, so as not to damage the shell and affect the appearance.

PACKAGE CONTENT

- 1 x Headset
- 1 x User guide

SAFETY INFORMATION

1. To ensure your personal safety, do not wear or place the headset too close to the pacemaker position (less than 10cm).

2. Do not plug into the power socket.

3. This device is not a toy and should be used by children under adult supervision.

4. Using headphones at high volumes, especially for long time, may can cause damage to your hearing.

5. Operating a hi-fi switch or plugging in a headset may produce a shrill sound at high volume setting may affect your listening. Therefore, please volume down before switching between various audio sources or inserting headphones.

6. For traffic safety, do not use headphones while driving or cycling.

7. Product can be used temperature between -10°C and 55°C.
